

THE PANTHERA GROUP **HEALTH & SAFETY STATEMENT**

Panthera Group recognises the importance of Health & Safety, and aims to conduct its operations, as far as are reasonably practicable, in a way that is safe and without risk to its employees, customers and others. It has achieved as a minimum ISO18001, and will continue to work towards improvement.

The Group will promote among its staff the importance of developing a culture of safety, and encourage active discussion and action to maintain it in a continuous and ongoing manner; at the same time providing resources as may be necessary to meet its responsibilities.

Plant and equipment supplied or hired will be checked, tested and fitted with appropriate safety devices and be used only by competent personnel

Supervision and training will be given, and improvement achieved by regular inspections, monitoring and audit.
